

cyber blue decorating light, built in stereo speakers: waterfall, gurgle of brook, sounds of springtime, warbling of birds, digital control with touch screen, volume control, no fan noise, no vibration, no resonance, these some minutes of the day are the most important ones, without stress, relaxed, comfort for the body, in your mind you can fly anywhere, you can daydream, you can relax, the machine is so silent, it does not disturb you, caressing warmth, in some minutes, you will awaken reposed.

# Waiting Room **maja bekan**

Working period: December 3 - December 23

Opening hours: Saturday and Sunday, 13:00 - 17:00 h.

Window exhibition: December 24, 2008 - January 18, 2009

Presentation: Sunday January 4, 2009 16:00 h.

**Maja Beka**n · by working with different mediums, she explores the notion of free time, the use of it, its initiation, establishment and ritualisation. Investigating questions of lack/fulfillment of desire produced by popular culture, the work incorporates the language of amateur truths.
